

# Axial Welding Pliers

Axial welding pliers make and secure joint welding for workers. This welding pliers come with 6 different axial jaws. Each plier allows clamping of different types of joints, to fit and operate in tight, narrow, and hard to access spaces.

They are released with one-handed buttons and are made of durable forged heat-treated steel.

Knurled screw can easily set desired clamp pressure from slight to extreme according to your needs.

6pc Axial Welding Pliers Set

Item No.	6pc Axial Weld Bonding Pliers Set	3600
	528W / 518T / 525JJ / 522J	
	515LL / 512L	

Color options

# Axial Welding Pliers

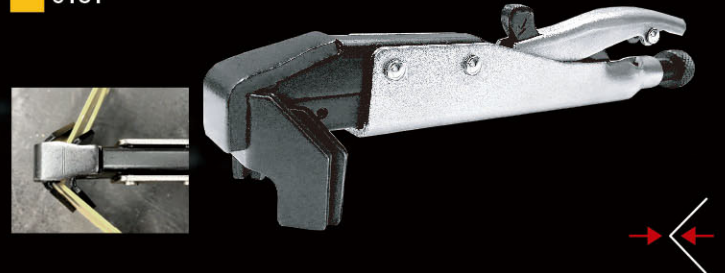

528W

Clamp a lap joint allowing 4 consecutive spot welding without tool removal.

Item No.	in / mm	mm	g
528W	8" / 200	10	495

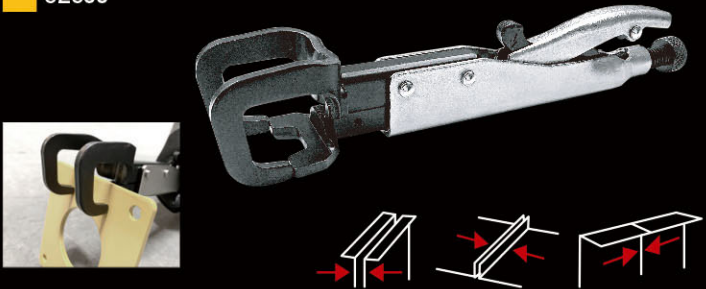

518T

Clamp sheet metal pieces of equal thickness at 90°

Item No.	in / mm	mm	g
518T	7" / 175	15	480

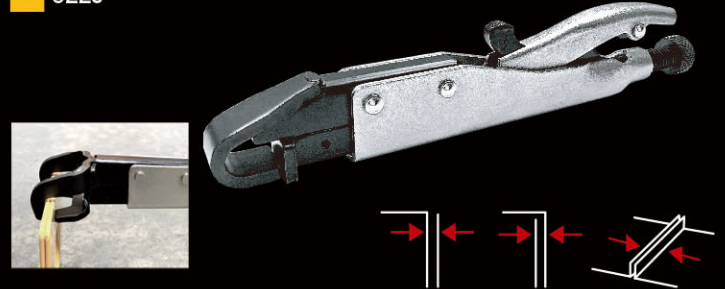

525JJ

Clamp a flanged lap joint, butt joint or adjacent joint.

Item No.	in / mm	mm	g
525JJ	9" / 225	10	520

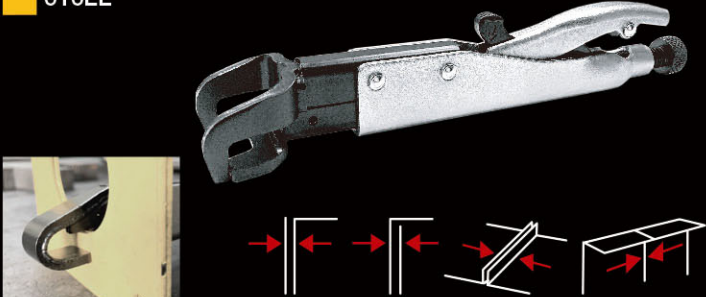

522J

Clamp a single flanged lap joint or butt joint.

Item No.	in / mm	mm	g
522J	8" / 200	10	440

515LL

Clamp a single flanged lap joint, a butt joint or adjacent joint.

Item No.	in / mm	mm	g
515LL	8" / 200	15	470

512L

Clamp a lap joint or butt joint, enabling small profile works through holes.

Item No.	in / mm	mm	g
512L	7" / 175	15	430
